

# COLE-MIERS COURIER

## All American

So.....we have completed all requirements to be an All American Post Again! Thanks to all that recruited new members, called and reinstated old members, participated in the projects and programs. Being an All American Post is the highest honor bestowed upon a

Post. The last time we were awarded this honor was 2015. So, now that we showed we can do it again, let's continue, and make this an annual tradition. It take a lot of hard work, dedication, and responsibility, but we proved that we have what it takes. Now, just because

we are qualified for All American, does not mean we can take the foot off of the gas. We still need to recruit and retain our membership. If you are looking for something to do, there is always some way you can help the Post!

## Commander's Corner

DESIRE IS PROOF OF THE AVAILABILITY. Robert Collier

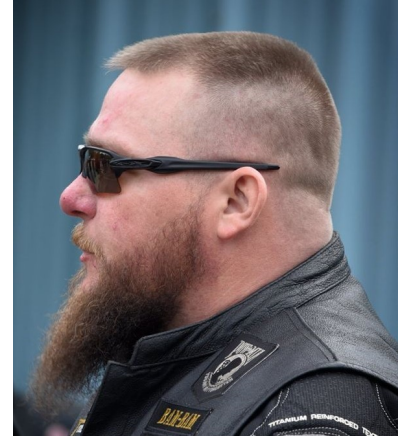

I'd like to challenge each of you to question your desire for this organization and our post. As I write this, I've read this quote multiple times

and questioned myself. I'd also like to challenge each of you to make yourself available at least once a month, if you are able, to assist with things around the post. There is a lot that goes on other than things in the canteen and bingo. Make yourself available.

## *From the VFW Riders Group*

The 2020 Bobby D Poker Run was a huge success! The Riders Group would like to Personally thank every Member/Auxiliary that Stepped up and helped us! We were able to raise enough to make a \$1500 Donation to the VMS

Program! On top of all that, We: had fun, got our belly's full, got to ride our Motorcycles and nobody got hurt! Cant ask for much more than that!

Bam-Bam

## *Bingo*

We need bingo callers and workers asap. We will be holding a

class on calling sometime next week!

## *#Post Pride Construction has Started*

I'm happy to report that our post is FINALLY under construction. The contractors started the reconstruction on March 3rd. I know we are all curious what is going on in that corner, but please refrain from entering the work area. They are moving a lot of big pieces of steel and we do not want anyone to get injured just trying to take a look at the progress.
